ZONING CHANGE REVIEW SHEET

CASE: C14-2011-0051 – 6104 South 1st Zoning **Z.A.P. DATE:** June 21, 2011
July 5, 2011

ADDRESS: 6104 South 1st Street

OWNER: Mursch Partners, LP
(J. Winston Krause)

AGENT: Werner Campbell Permits
(Danae Falvo)

ZONING FROM: LO **TO:** GO **AREA:** 0.5492 acres
(23,923.15 square feet)

SUMMARY STAFF RECOMMENDATION:

The Staff recommendation is to grant general office – conditional overlay (GO-CO) combining district zoning. The Conditional Overlay limits the total number of daily trips to 2,000.

ZONING & PLATTING COMMISSION RECOMMENDATION:

June 21, 2011: *APPROVED A POSTPONEMENT REQUEST BY THE APPLICANT TO JULY 5, 2011*

[P. SEEGER; S. BALDRIDGE – 2ND] (4-0) C. BANKS; D. TIEMANN – ABSENT; 1 VACANCY ON THE COMMISSION

July 5, 2011:

ISSUES:

None at this time.

DEPARTMENT COMMENTS:

The subject rezoning area consists of an office building with driveway and parking area that takes access to South 1st Street. The rezoning area as well as an additional parking area that adjoins to the north was zoned limited office (LO) by a 1981 case. There is a church further to the north (LO; SF-3), single family residences to the east (LO-MU-NP; SF-3-NP), offices (including medical) and a funeral home to the south (GR; GR-CO) and a child care facility to the west (SF-3). Please refer to Exhibits A (Zoning Map) and A-1 (Aerial View).

The Applicant proposes general office (GO) zoning as a step towards occupying a lease space within the building with a proposed guidance services use, a civic use which is first allowed in this district. The proposed tenant will provide outpatient substance abuse treatment that is licensed by the Texas Department of State Health Services. Staff recommends the Applicant's request given its location on an arterial roadway, and

compatible adjacent zoning and land uses. The Conditional Overlay limits development to less than 2,000 vehicle trips per day.

EXISTING ZONING AND LAND USES:

	ZONING	LAND USES
<i>Site</i>	LO	Vacant lease space in an office building with medical and administrative and business offices
<i>North</i>	LO	Parking; Religious assembly
<i>South</i>	GR; GR-CO	Medical office; Funeral services; Financial services
<i>East</i>	LO-MU-NP; SF-3-NP	Single family residences
<i>West</i>	LO; SF-3; GR	Child care facility; Offices

AREA STUDY: N/A

TIA: Is not required

WATERSHED: Williamson Creek

DESIRED DEVELOPMENT ZONE: Yes

CAPITOL VIEW CORRIDOR: No

SUMMARY STAFF RECOMMENDATION:

The Staff recommendation is to grant general office – conditional overlay (GO-CO) combining district zoning. The Conditional Overlay limits the total number of daily trips to 2,000.

BASIS FOR LAND USE RECOMMENDATION (ZONING PRINCIPLES)

1. *The proposed zoning should be consistent with the purpose statement of the district sought.*

The general office (GO) district is intended for offices and selected commercial uses predominantly serving community or City-wide needs, such as medical or professional offices. A building in a GO district may contain more than one use.

2. *Zoning changes should promote compatibility with adjacent and nearby uses.*

Staff recommends the Applicant’s request given its location on an arterial roadway, and compatible adjacent zoning and land uses. The Conditional Overlay limits development to less than 2,000 vehicle trips per day.

EXISTING CONDITIONS

Site Characteristics

The rezoning area is a vacant lease space within an office building. The site is relatively flat and there appear to be no significant topographical constraints on the site.

Impervious Cover

The maximum impervious cover allowed by the GO zoning district is 80%, a consistent figure between the *zoning and watershed* regulations.

Environmental

The site is not located over the Edwards Aquifer Recharge Zone. The site is in the Desired Development Zone. The site is in the Williamson Creek Watershed of the Colorado River Basin, which is classified as a Suburban Watershed by Chapter 25-8 of the City’s Land Development Code. Under current watershed regulations, development or redevelopment on this site will be subject to the following impervious cover limits:

<i>Development Classification</i>	<i>% of Net Site Area</i>	<i>% with Transfers</i>
Single-Family (minimum lot size 5750 sq. ft.)	50%	60%
Other Single-Family or Duplex	55%	60%
Multifamily	60%	70%

Commercial	80%	90%
------------	-----	-----

According to floodplain maps there is no floodplain within or adjacent to the project boundary.

Standard landscaping and tree protection will be required in accordance with LDC 25-2 and 25-8 for all development and/or redevelopment.

No trees are located on this property. At this time, site specific information is unavailable regarding other vegetation, areas of steep slope, or other environmental features such as bluffs, springs, canyon rimrock, caves, sinkholes, and wetlands.

Under current watershed regulations, development or redevelopment on this site will be subject to the following water quality control requirements:

- Structural controls: Sedimentation and filtration basins with increased capture volume and 2 year detention.

Transportation

No additional right-of-way is needed at this time.

A traffic impact analysis was waived for this case because the applicant agreed to limit the intensity and uses for this development. If the zoning is granted, development should be limited through a conditional overlay to less than 2,000 vehicle trips per day. [LDC, 25-6-117]

Water and Wastewater

The landowner intends to serve the site with City of Austin water and wastewater utilities. The landowner, at own expense, will be responsible for providing any water and wastewater utility improvements, offsite main extensions, utility relocations and or abandonments required by the land use. Water and wastewater utility plans must be reviewed and approved by the Austin Water Utility for compliance with City criteria. All water and wastewater construction must be inspected by the City of Austin. The landowner must pay the City inspection fee with the utility construction. The landowner must pay the tap and impact fee once the landowner makes an application for a City of Austin water and wastewater utility tap permit.

Site Plan and Compatibility Standards

Site plans will be required for any new development other than single-family or duplex residential.

Any development which occurs in an SF-6 or less restrictive zoning district which is located 540-feet or less from property in an SF-5 or more restrictive zoning district will be subject to compatibility development regulations.

03/10

The site is subject to compatibility standards. Along the West property line, the following standards apply:

- No structure may be built within 25 feet of the property line.
 - No structure in excess of two stories or 30 feet in height may be constructed within 50 feet of the property line.
 - No structure in excess of three stories or 40 feet in height may be constructed within 100 feet of the property line.
 - No parking or driveways are allowed within 25 feet of the property line.
 - A landscape area at least 25 feet wide is required along the property line. In addition, a fence, berm, or dense vegetation must be provided to screen adjoining properties from views of parking, mechanical equipment, storage, and refuse collection.
 - for a structure more than 100 feet but not more than 300 feet from property zoned SF-5 or more restrictive, 40 feet plus one foot for each 10 feet of distance in excess of 100 feet from the property zoned SF-5 or more restrictive.
 - An intensive recreational use, including a swimming pool, tennis court, ball court, or playground, may not be constructed 50 feet or less from adjoining SF-3 property.
- Additional design regulations will be enforced at the time a site plan is submitted.

Mrs. Wendy Rhoades
City of Austin
Planning and Development Review Department
505 Barton Springs Road
Austin, Texas 78704

*RE: Zoning Application
6104 South 1st Street (.5452 Acres)
Proposed Rezoning from LO (Limited Office) to GO (General Office)*

Dear Mrs. Rhoades:

As the representative of the owner of the above referenced property, I respectfully submit the enclosed zoning application package for review.

The purpose of the proposed rezoning of the property from LO to GO is to allow the use of 'Guidance Services'. The owner intends to lease an existing space to the tenant, How I Live Life, Inc. The proposed tenant will provide outpatient substance abuse treatment licensed by the Texas Department of State Health Services.

The property is not located within an approved Neighborhood Plan. A Traffic Impact Analysis (TIA) has been waived per the enclosed TIA Determination Worksheet completed by Amber Mitchell.

Please let me know if you or your team members require any additional information or have any questions.

Sincerely,

Werner Campbell
Principal

PUBLIC HEARING INFORMATION

This zoning/rezoning request will be reviewed and acted upon at two public hearings: before the Land Use Commission and the City Council. Although applicants and/or their agent(s) are expected to attend a public hearing, you are not required to attend. However, if you do attend, you have the opportunity to speak FOR or AGAINST the proposed development or change. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

During its public hearing, the board or commission may postpone or continue an application's hearing to a later date, or may evaluate the City staff's recommendation and public input forwarding its own recommendation to the City Council. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

During its public hearing, the City Council may grant or deny a zoning request, or rezone the land to a less intensive zoning than requested but in no case will it grant a more intensive zoning.

However, in order to allow for mixed use development, the Council may add the MIXED USE (MU) COMBINING DISTRICT to certain commercial districts. The MU Combining District simply allows residential uses in addition to those uses already allowed in the seven commercial zoning districts. As a result, the MU Combining District allows the combination of office, retail, commercial, and residential uses within a single development.

For additional information on the City of Austin's land development process, visit our website:

www.ci.austin.tx.us/development

Written comments must be submitted to the board or commission (or the contact person listed on the notice) before or at a public hearing. Your comments should include the board or commission's name, the scheduled date of the public hearing, and the Case Number and the contact person listed on the notice.

Comments: This section is already
having too many accidents,
if you go to GO zoning it
will probably cause more
accidents. We have a lot
of traffic on South 1st,
and vehicles turning into
Blueberry Hill have to be
careful of traffic coming
from the office area.
